CAN AI
READ YOUR MIND?

Grade 3 Prompt Power

Draw it • Tell AI • Improve it • Compare it

TODAY'S MISSION

Help AI create the butterfly YOU are imagining.

Our 70-minute mission

70 min

We will discover why clear instructions make a big difference.

1

1 Mystery Draw

0–10 min

Listen to 3 instructions. Draw 3 times.

2

2 Spot the Change

10–15 min

What changed? Your skill — or the instructions?

3

3 AI Butterfly

15–45 min

Write a prompt. Generate. Improve.

4

4 Prompt Detectives

45–65 min

Compare prompts and AI images.

5

5 Big Idea

65–70 min

What makes a strong prompt?

Ready to test your brain + your words?

Mystery Drawing Challenge

10 min

Three rounds. One minute each. Keep every drawing!

1

Listen

Eyes on the screen.
Listen carefully.

2

Draw

Draw what you think
the teacher means.

3

No questions

You cannot ask
for extra clues.

4

Do not erase

Start a NEW drawing
for each round.

Secret rule: If you think you know the answer, DON’T shout it out!

DRAW | NOTICE | GENERATE | IMPROVE | COMPARE

Round 1 — Very vague

60 sec

Listen. Draw. No questions.

LEVEL 1

Draw an insect.

It has a body.

Add some details you think it should have.

👂 Listen 🖍️ Draw 🤫 Don’t ask

DRAW NOTICE GENERATE IMPROVE COMPARE

Freeze! Look around.

1 min

Your class heard the SAME words. Did you draw the same thing?

👀 Hold up Drawing 1

Look at 3 classmates.
What is different?

THINK

Why are the drawings so different?

A. We cannot draw
B. The instruction was not clear enough
C. Everyone heard different words

DRAW | NOTICE | GENERATE | IMPROVE | COMPARE

Round 2 — More clues

60 sec

New box. New drawing.

LEVEL 2

Draw an insect with wings.

It has a long body and six legs.
It has two feelers on its head.
It has two large wings on each side of its body.
Add patterns to the wings.

Do you have a stronger idea now?

DRAW NOTICE GENERATE IMPROVE COMPARE

Compare Drawing 1 and Drawing 2

1 min

Did the extra clues change your picture?

DRAWING 1

Very open

AI / your brain had to GUESS many details.

DRAWING 2

More focused

The clues helped you make fewer guesses.

Which NEW words helped you most?

DRAW | NOTICE | GENERATE | IMPROVE | COMPARE

Round 3 — Clear + specific

60 sec

Last drawing. Listen for exact details.

LEVEL 3

Draw a butterfly.

It has a small head, a long thin body and six legs.
It has two feelers on its head.
Draw four large wings — two on each side of the body.
The top wings are bigger than the bottom wings.
Make the wings colourful and symmetrical.
Add circles, lines or spots on both sides.

DRAW | NOTICE | GENERATE | IMPROVE | COMPARE

Reveal: the target was a butterfly!

2 min

Now put your 3 drawings side by side.

TARGET IDEA

Which drawing is closest?

1 What changed from Round 1 → 3?

2 Did your drawing skill suddenly change?

3 What made Round 3 easier?

DRAW | NOTICE | GENERATE | IMPROVE | COMPARE

What changed?

3 min

Your hands were the same. Your instructions were different.

VAGUE

“Draw an insect.”

Many guesses

CLEARER

“Draw an insect with wings…”

Fewer guesses

SPECIFIC

“Draw a butterfly with four wings…”

Very few guesses

Clearer instructions → a result closer to your idea

Now YOU control the AI

iPads

Can you make AI draw the butterfly in your mind?

AI BUTTERFLY CHALLENGE

Round A

Write YOUR OWN prompt.

Goal: Make AI draw the butterfly you are imagining.

Do not copy your friend. We WANT different prompts!

DRAW | NOTICE | GENERATE | IMPROVE | COMPARE

Round A — Your first AI prompt

5–7 min

Write it. Generate it. Then STOP and look carefully.

TYPE HERE

Draw a butterfly...

Finish the prompt in YOUR way.

What details will you tell AI?
What details will you leave for AI to guess?

When the image appears...

DO NOT improve it yet.

Look for 3 things AI chose without you telling it.

AI guessed because I did not say _____.

DRAW | NOTICE | GENERATE | IMPROVE | COMPARE

Prompt Detective: what did AI decide for you?

3 min

Hold your iPad. Point to details you never typed.

COLOUR

Did you choose it?

YES / NO

WING SHAPE

Did you describe it?

YES / NO

PATTERN

Did you ask for it?

YES / NO

BACKGROUND

Did you choose the place?

YES / NO

When we leave a detail out, AI has to GUESS.

Round B — Upgrade your prompt

8–10 min

Change the WORDS, then see what changes in the IMAGE.

PROMPT A

Your first prompt

Keep it.
Do not delete it.

Why? You need it for comparison!

PROMPT B

Improve it!

Add 2–4 useful details.
Generate again.

Then compare Image A and Image B.

iPad Pair Compare

6 min

Put two iPads side by side. Be Prompt Detectives!

STEP 1

READ

Read your partner's prompt slowly.

STEP 2

LOOK

Find the words that changed the image.

STEP 3

TELL

"This word helped AI show _____."

Which prompt gives AI fewer things to guess?

Prompt Gallery: same task, different instructions

4 min

Watch how the result becomes more controlled.

A SIMPLE

Draw a butterfly.

B MORE DETAIL

Draw a colourful butterfly with four wings and patterns.

C VERY SPECIFIC

Draw a blue and orange butterfly with symmetrical spots, sitting on a pink flower in a sunny garden.

Prompt Power + Science Power

3 min

For our animal project, a beautiful picture is NOT enough.

PROMPT POWER

Tell AI clearly what to show.

- ✓ correct body features
- ✓ clear labels
- ✓ useful details
- ✓ where each label points

SCIENCE POWER

Check that the science is correct.

AI can add the wrong feature.
AI can point a label to the wrong part.
YOU must check before you use it.

Clear prompt + correct science = a useful AI image

Exit Ticket — Finish the sentence

5 min

Show me what you discovered today.

A strong AI prompt is...

CLEAR SPECIFIC USEFUL

because _____.

BIG IDEA

AI cannot read our mind. Better prompts help AI understand our idea.

Next: use your prompt power to create a scientifically correct animal image.
